

ACRYLIC SIGNS - DETAILS

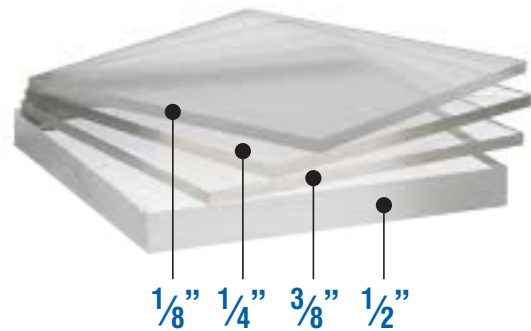

Acrylic signs are 100% customizable – from design to shape to color – the possibilities are endless.

COLOR

Colored acrylics are ideal for indoor and outdoor signs. Choose from transparent, translucent, or opaque colors, there is no limit to what you can do with this versatile product.

THICKNESS

The default thickness for our acrylic signs is $\frac{1}{8}$ " thick. For almost all uses this thickness will be sufficient. For a thicker acrylic with added durability and rigidity we also offer $\frac{1}{4}$ ", $\frac{3}{8}$ ", and $\frac{1}{2}$ " thick options.

CUT STYLE

STANDARD CUT

This style will cut your acrylic sign as a standard rectangle in the size selected.

CONTOUR CUT

This style will cut your acrylic sign to the exact shape of your design.

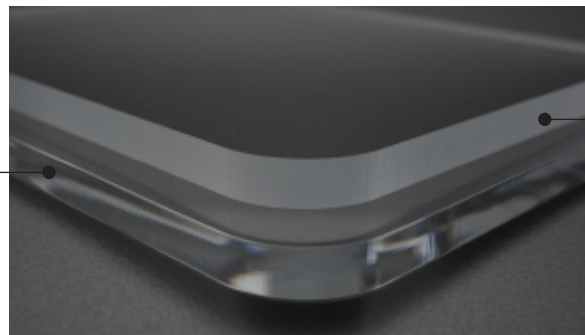

HALO CUT

This style will cut your acrylic sign to the general shape of your design with a $\frac{1}{4}$ " - $\frac{1}{2}$ " border around it.

EDGE FINISHES

POLISHED

This finish gives the edge of the acrylic a smooth polished edge with a sheen.

STANDARD

This is a raw machine cut, leaving acrylic with a frosted looking, unpolished edge.
