

# OUTDOOR POLE BANNERS

## PRODUCT DESCRIPTION

**Standard pole banners** are printed on both sides of heavy-duty 18oz blockout vinyl. These graphics can be the same or different. Pockets are sewn on top and bottom for installing onto the pole banner hardware and grommets are inserted for installing a safety tether.

**Reinforced pole banners** are printed single-sided on 13oz scrim vinyl and then sewn back-to-back for an extra strength 26oz construction. These graphics can be the same or different. Pockets are sewn top and bottom along with a flexible webbing tab for installing a safety tether to the pole banner hardware.

## SUGGESTED APPLICATIONS

Street Banners

Light Poles
