

STRATOSPACE™ ORBIT

A STELLAR DISPLAY LANDED
IN PORTABLE PACKAGING

StratoSpace™ Orbit is a portable version of the StratoSpace™ custom exhibit system. It was developed for clients who like the contemporary look of aluminum frames and large graphic panels but need the ability to ship via FedEx or UPS.

PORTABLE

Designed to pack efficiently into a wheeled case that ships Fedex/UPS. Includes custom foam packing components for a safe transport.

USER FRIENDLY ASSEMBLY

With straightforward assembly instructions show the frame is easily built using an allen wrench-style tool.

HIGH RESOLUTION GRAPHICS

Graphics are crisp ink jet prints, laminated for protection.

LIFETIME WARRANTY

Hardware is backed by a lifetime warranty against manufacturing defects.

SLEEK DESIGN

Clean lines and minimal visible structure offer a high end look that stands out on the trade show floor.

VISUAL IMPACT

Designed for maximum impact, graphics cover 95% of visible surface area.

SECURITY

Locking podiums are standard on all StratoSpace Orbit™ models.
